ABOUT ME

Systematic-thinking QMS Engineer with proven expertise in multi-standard quality management systems (IATF 16949, ISO 9001/14001/45001) and a track record of leading successful certification and surveillance audits. Combines mechanical engineering foundation with AI-powered QMS automation to build logic-driven tracking systems and compliance frameworks. Committed to elevating quality assurance through digital transformation and systematic problem-solving.

CERTIFICATES & KNOWLEDGE

- ISO 9001:2015 Quality Management System
- ISO 14001:2015 Environmental Management
- ISO 45001:2018 OH&S Management
- IATF 16949:2016 Automotive QMS
- Risk & Opportunity — ISO 9001:2015
- Life Cycle Assessment (LCA) — ISO 14001
- Internal Quality Audit
- Management Review / Document Control
- PDCA / FMEA / APQP

Work Experience

Portfolio: <https://phatcharaphon.vercel.app>

QMS Engineer

July 2024 – Present

XAVI TECHNOLOGIES (THAILAND) CO., LTD.

- Manage multi-standard QMS across IATF 16949, ISO 9001, ISO 14001, and ISO 45001, ensuring full compliance and continuous improvement
- Successfully led and passed **IATF 16949 Surveillance 1st**, ISO 9001/14001/45001 Re-certification & Surveillance 1st, **UL, ETL, MET**, and Customer audits without major non-conformances
- Maintain and control quality documentation: Quality manual, procedures, work instructions in compliance with IATF 16949, ISO 9001, ISO 14001, and ISO 45001
- Utilize **ZAP** quality system software and **PLM** tools for document lifecycle management, change control, and quality record traceability
- Developed **ESD Control System** (digital IPQA reporting, record tracking) and **KPI Dashboard** for real-time quality performance monitoring; planning further QMS automation modules to fully digitize quality operations
- Designing **closed-loop IATF 16949 management system** covering APQP, PPAP, PFMEA, Control Plan, MSA, and SPC workflows — with automated status tracking, deadline reminders, and audit-ready reporting pipeline
- Drive QMS digital transformation by building automated reporting systems and reducing manual administrative workload
- Built strong theoretical foundation in PPAP/APQP; actively developing IATF 16949 Knowledge Base to support practical core tools implementation
- Participated in cross-functional team (CFT) meetings as QA representative — root cause analysis and corrective action planning for daily quality issues

Quality Management Representative / Document Control (QMR/DCC)

Oct 2021 – July 2024

ISM WAREHOUSE AND LOGISTICS CO., LTD.

- Coordinated with consultants to establish document and quality systems; set up objectives, KPIs, targets, and quality policy
- Established Quality Manual, procedures, forms, work instructions, and support documents
- Maintained Document Master List; managed document storage and controlled destruction after retention period
- Scheduled and led Internal Quality Audits; followed up CAR/PAR closure
- Conducted Management Review 2 times/year; reported quality trends and recommendations to management
- Coordinated with Certification Bodies for Surveillance and Recertification audits (ISO 9001/14001/45001)
- Resolved CAR/PAR, NCRs, and Customer Complaints — root cause analysis and systematic prevention
- Managed calibration of measuring equipment; submitted Dangerous Chemicals reports per DPW e-Service; coordinated Building Inspection compliance
- Developed and maintained ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 systems

EDUCATION

B.Eng. Mechanical Engineering

Major: Aeronautical Engineering
Suranaree University of Technology
Nakhon Ratchasima, Thailand
GPAX: 2.79 | 2015 – 2019

High School — Science & Mathematics

Udonpattanakarn High School
Banjan, Mueang, Udon Thani
GPAX: 3.21 | 2013 – 2015

Portfolio

<https://phatcharaphon.vercel.app>

R&D Engineer — Dryfilm (Inner/Outer), Exposure, D.E.S.

Mar 2021 – Oct 2021

Apex Circuit (Thailand) Co., Ltd.

- Checked and approved machines against specifications; led machine installation
- Defined Work Instructions for machine operation; tested and recorded process parameters
- Set default parameters and communicated to Production Engineers
- Developed tools and equipment to support production line efficiency

Maintenance Officer

Oct 2020 – Jan 2021

P.M. Valve & Sealing Services Co., Ltd.

- Managed documents and supported maintenance service team operations
- Supported spare part purchasing and maintenance scheduling

Specialist, Materials & Purchasing

May 2019 – June 2020

NokScoot Airlines

- Point of contact for spare parts issuance; ensured accuracy of stock levels
- Liaised with inventory service provider for delivery and retrieval of spare parts
- Coordinated with freight forwarders for spare parts handling (inbound/outbound)
- Daily visits to repair shop to send unserviceable spares for repair and retrieve serviceable spares
- Supported spare parts purchasing and monitored inbound/outbound shipments
